Re: ALLSTATE Heartcare Plus Policy

## Claim for Testing or Treatment related to Heart Attack, Heart Disease, or Stroke

If you had any hospital charges for heart testing or treatment, you should submit a claim on your Heartcare Plus Policy. Your physician should complete the claim form for Heart/Stroke benefits.

### Suggestions:

- ▶ Attach copies of all itemized billing statements, which must include insurance code numbers, for such expenses as: Diagnostic testing, hospital, doctor, drugs and medicines, surgery and anesthesia, second surgical opinion, ambulance, etc. (Refer to your policy or outline of coverage.) Even if you're submitting similar documentation with a claim on another policy, submit the documentation again with this claim for additional benefits.
- ▶ Write your policy number on all of your claim documentation.
- ▶ Mail or fax all claims directly to the insurer. The address and fax number are on the claim form.

**For your records, always keep a copy of ALL documentation you submit to the insurer.**

Without the information you provide from the hospital, the insurer won't know how much benefit to pay you. If you have any difficulty obtaining the information, please don't hesitate to call our office for help.

Your employer makes this coverage available so that the benefit payments you receive can be used to help pay your personal expenses, not covered by your health insurance or Medicare. You may need this benefit money to help pay your health insurance deductibles and co-pays, groceries, house payments, utility bills, or other personal expenses. Coverage may be continued at your same monthly group rate when you leave or retire from your company.

The insurance company attempts to make benefit payment within 15 business days after receipt of your claim documentation. Don't hesitate to call if your claim takes longer than you expected, if there is ever any question about documentation requested, or, if your claim payment is not what you had anticipated based on your outline of coverage.

Best regards,

Your Benefits Professionals at Consolidated Services, Inc.
